

### Questions and Answers

#	Question	Answer
1	Native android and ios REACT NATIVE, OR Ionic to generate too apps one for android and one for ios. Which is UNFPA preferred language to be used as this entails 3 different languages!	The dashboard will be web-based not a mobile app. The specific choice of the programming language will be determined in the analysis phase in agreement with HCYS IT.
2	Should a mobile application to be developed or provider needs to ensure responsiveness of the dashboard through smart phones and tablets?	We need the programming to be fully responsive by smart phones and tablets. Not a separate mobile application.
3	If, in addition to the RFQ document, UNFPA can give additional brief on the assignment	Yes, UNFPA staff, available in the recording for all, provided additional briefing.
4	What kind of data to be displayed via the dashboard	Wide range of data to be visualised in different accessible and attractive forms, including indicators on youth across health, education, participation, employment, etc... 40-50 indicators to be animated with the option to add related youth interest stories, publications and Videos. Example: <a href="https://ec.europa.eu/eurostat/web/youth/data/eu-dashboard">https://ec.europa.eu/eurostat/web/youth/data/eu-dashboard</a> <a href="https://www.unfpa.org/data/dashboard/adolescent-youth">https://www.unfpa.org/data/dashboard/adolescent-youth</a> .
5	Is there any flow of how the screens will work, youth access, etc..	It's not about users! It's a dashboard open for all youth and public, that will visualise data concerning youth over a period of time, including the national youth strategy outcomes and indicators, with a sub-page that solicit youth opinions (through surveys, Q&A) to give them an opportunity to raise their concerns, aspirations, and feedback on the strategy. There should be a reference to the RFQ UNFPA needs to receive the system analysis upon starting the task then a business requirement document to be developed then the rest of the work, site

		mapping and design. It is the applicant to propose something of high quality.
6	Is it possible to extend the deadline for submission of the response to this RFQ to end of next week?	Yes, extended until 21st April 12:00 pm Jerusalem time.
